

# Community Needs Assessment Questionnaire

The LOPPO Project "Land of Opportunities" is a European initiative that aims to take advantage of abandoned land in rural areas to offer opportunities to young people who intend to move and develop sustainable economic activity and improve training and essential skills for people in rural areas. This anonymous questionnaire serves to carry out a diagnosis regarding the profile of the general public, needs and competencies to be developed during the project.

The project is funded by Erasmus+, and led by GDR Comarca de Lugo, in partnership with IPN Incubadora, Associação Cultural da Ingálicia, UBBSALA, Educational Association and BIA Innovator Campus.

Your contribution is valuable in helping us understand the needs of our local community.

Thank you for your participation.
